The 18th day of March, 1937.

PRESENT :

WHEREAS by the proviso to sub-section (1) of section two of the Government of India Act, 1935, it is provided that any powers connected with the exercise of the functions of the Crown in its relations with Indian States shall, in India, if not exercised by His Majesty, be exercised only by, or by persons acting under the authority of, His Majesty's Representative for the exercise of those functions of the Crown :

AND WHEREAS provision is made by the said Act and the Government of Burma Act, 1935, as to the authorities which are respectively to exercise on behalf of His Majesty the rights, authority and jurisdiction of His Majesty in, and in relation to, the tribal areas in India, and in and in relation to, areas in Burma which are not part of the territories of His Majesty :

AND WHEREAS it is accordingly expedient to amend the Indian (Foreign Jurisdiction) Order in Council, 1902 (in this Order referred to as "the principal Order") :

VI.—Rules and Fees under the Births, Deaths and
Marriages Registration Act, 1886 (VI of 1886).

¹No. 1173, dated the 19th July, 1888.—The Governor General in Council is pleased to publish the following rules made under sections 26, 28, and 36 of the Births, Deaths, and Marriages Registration Act, No. VI of 1886.

1. In these rules, unless there is something repugnant in the subject or context,—

- (2) “ schedule ” means a schedule to these rules:
- (3) “ Registrar-General ” and “ Registrar ” mean, respectively, Registrar-General of Births, Deaths, and Marriages and a Registrar of Births and Deaths appointed under the Act: and
- (4) “ sign.” used with reference to a person who is unable to write his name, includes mark.

2. Notices of births and deaths shall be in the forms set forth in Schedule A and Schedule B, respectively.

3. Every such notice shall be signed by the person giving it, and shall specify the capacity in which the person claims to be authorized to give it.

4. Every such notice shall ordinarily be presented to the Registrar for the local area in which the birth or death occurred within three months of the date of the birth or death to which it refers, as the case may be:

Provided that the Registrar may, of his own authority, for any reason which he considers sufficient, accept notice of a birth or death at any time within six months from the date of its occurrence, and with the special sanction in writing of the Registrar-General after that time.

5. An appeal against an order of a Registrar refusing to register a birth or death on any other ground than that referred to in proviso (a) to section 19 of the Act shall lie to the Registrar-General, who may, in his discretion, either confirm the order of the Registrar, or direct him to register the birth or death.

6. Registers of births and deaths shall be kept in the forms set forth in Schedule C and Schedule D, respectively.

7. When a birth or death has occurred during a journey,

¹ In the Punjab revised schedules A and B have been substituted by notification No. 273, dated the 4th February, 1913. *Punjab Gazette*, 1913, Pt. I, p. 118.

or when the person giving notice of a birth or death was compelled by duty, or urgent necessity, or unavoidable accident, to leave the local area in which such birth or death occurred so soon after its occurrence that he was unable to give the prescribed notice to the Registrar for that local area,

any Registrar may receive notice of such birth or death, and register the same as if it were a birth or death which had occurred within the local area for which he has been appointed.

8. The provisions of Rule 4, as to the time within which notice of a birth or death must be given, shall apply to every notice of a birth or death given under the circumstances described in the last foregoing rule.

9. In every case of a birth or death admitted to registration under Rule 7, the Registrar to whom the notice of the birth or death is given shall record in his register the reason why the notice was not given to the Registrar of the local area within which the birth or death occurred, and shall within one week from the date of the registration of the birth or death forward to the Registrar-General, and to the Registrar of the local area within which the birth or death occurred, a copy of the entry in the register relating to the birth or death.

10. The Registrar for any local area including a port may register any birth or death which has occurred on the high seas on board any ship arriving at such port:

Provided that notice of the birth or death is given to such Registrar within sixty days after the arrival of the ship.

In the notice of such birth or death, and the entry thereof in the register, there shall be specified, in lieu of the name of the place at which, the name of the ship on which the event occurred, and the name of the Commander of the ship, and the approximate latitude and longitude of the ship's position at the time of the birth or death.

11. Every certificate of registration of a birth or death given by a Registrar under section 23 of the Act shall be in the form set forth in Schedule E.

12. At the foot of every copy of an entry given under section 9 or section 25 of the Act there shall be written a certificate, dated and subscribed by the Registrar-General or officer authorized under section 9, or by the Registrar, as the case may be, that the copy is a true copy of the entry.

13. Every Registrar shall keep, in the form set forth in Schedule F, a register of all certificates of registration and copies of entries given by him.

Every Registrar-General shall keep a register in a similar form of all copies given by him of entries in the certified copies of the registers sent to his office.

14. The copies of entries of births and deaths which Registrars are required by section 24 of the Act to send to the Registrar-General, shall be certified in the form set forth in Schedule G, and shall be sent at intervals of three months, on or as nearly as possible after the 1st January, April, July, and October, in each year.

Should no entries be made in a register during the preceding three months, a certificate to this effect shall be sent to the Registrar-General.

15. The indexes which are required by section 7 of the Act to be made of the certified copies of registers of births, deaths, and marriages sent to the office of the Registrar-General shall be in the forms set forth in Schedule H, Schedule I, and Schedule J, respectively.

Every entry in an index shall be made alphabetically with reference to the initial letter of the name of the person indicated by the entry.

In the index of certified copies of entries of marriages, the names of both the husband and the wife must be indexed.

In the case of a person of European descent, the initial letter will be the first letter of the surname; and in the case of any other person, the first letter of his name, and not that of his rank, title, or class.

16. A Registrar may, of his own motion, correct, in manner prescribed in section 28 of the Act, any error in form made in an entry of a birth or death in a register of births, or register of deaths kept by him under the Act.

In every case in which an entry is corrected under this rule, intimation thereof shall (if practicable) be communicated, within one week from the date of the correction being made, to the person who gave the notice of the birth or death.

17. When an error in substance in any entry of a birth or death in a register of births or register of deaths is asserted to have been made, the Registrar may correct the error, in manner prescribed in section 28 of the Act, on application made in writing, and signed in the presence of two witnesses attesting the signature, by any person authorised under section 20 or 21, as the case may be, to give notice of the birth or death to which the entry relates:

Provided that the Registrar is satisfied that the application is well founded.

An appeal against an order of a Registrar under this rule refusing to correct an asserted error in an entry in a register shall lie to the Registrar-General, who may, in his discretion, either confirm the order of the Registrar or direct him to correct the error.

18. Without the special sanction in writing of the Registrar-General, an application for the correction of an entry in a register of births or register of deaths shall not be entertained after the expiration of one year from the date on which the notice of the birth or death was given.

19. The sums specified in Schedule K shall be the fees payable under the sections of the Act there referred to:

Provided that soldiers and non-commissioned officers of Her Majesty's Regular Forces, and all seamen, shall be exempted from the payment of any fees.

20. ¹Every Registrar-General and every Registrar who is a Government servant and not a Minister of Religion shall keep a register, in the form set forth in Schedule L, of all fees realised under these rules, and shall forward such fees at the end of each month to the nearest treasury to be credited to Government. The Treasury Officer shall give each Registrar a certificate of the amount so credited, and the Registrar shall send a copy of the certificate to the Registrar-General. Registrars who are not Government servants or who are Ministers of Religion may retain for their own use any fees which they may realize under these rules.

3. If the accused person is a British subject, the Political Agent shall before issuing a warrant under section 7 of the said Act, consider whether he ought not to certify the case as one suitable for trial in British India, and he shall, instead of issuing such a warrant, so certify the case, if he is satisfied that the interests of justice and the convenience of witnesses can be better served by the trial being held in British India.

4. The Political Agent shall, in all cases before issuing a warrant under section 7 of the said Act, satisfy himself, by preliminary inquiry * ¹ that there is a *prima facie* case against the accused person.

5. (1) The Political Agent shall, before issuing a warrant under section 7 of the said Act, decide whether the warrant shall provide for the delivery of the accused persons—

And whereas there is in (*name of territory*) no secure place for the confinement of a prisoner under sentence of death (or no suitable appliances for the execution of a person under sentence of death in a decent and humane manner);

And whereas this Court is of opinion that for the reasons aforesaid the said sentence should be executed in British India;

This is to authorise and require you, the said Superintendent (or Keeper), being a Superintendent (or Keeper) of a jail specified in an order under section 2 of Act No. V of 1893, passed by the Governor General of India in Council, to receive the said C. D. D. (*prisoner's name*) to be hanged by the neck until he be dead, at (*time and place of execution*), and to return this warrant to this Court with an endorsement certifying that the sentence has been executed.

**XX.—Jurisdiction of Criminal Courts of Indian States over
Indian Officers and Soldiers of the Indian Army.**

XX.—Jurisdiction of Criminal Courts of Indian States over Indian Officers and Soldiers of the Indian Army.

Letter of the Government of India, No. 1389-I-A., dated the 18th April, 1905, addressed to the Resident in Mysore.

“ * * * I am directed to reply to Mr. Tucker's letter No. 4947, dated the 4th October, 1904, regarding the jurisdiction of criminal courts in Native States over native officers and soldiers of the Indian Army.

2. The Mysore Durbar have been informed that the jurisdiction of such courts is limited to—

- (i) the case of a native soldier who, while on leave within a Native State, commits an offence which renders him subject to arrest;
- (ii) that of a native soldier who, while on leave within a Native State, is arrested for an offence committed by him in that State on some previous occasion: provided that the offence so committed is one of those entered in the schedule of the Indian Extradition Act.

They now enquire what is the correct procedure in the following cases:—

- (a) when a native soldier of the Indian Army commits within a Native State, while not on leave, an offence which does not subject him to arrest;
- (b) when a native soldier of the Indian Army commits within the State, while on leave, an offence which does not subject him to arrest;
- (c) when a native soldier of the Indian Army commits within the State, while not on leave, an offence which does subject him to arrest;

they also desire to know—

- (d) whether an offence previously committed in a Native State [(ii) *supra*] means an offence committed by such soldier when not on leave or when on leave; and
- (e) what steps they can take when the offence referred to under (d) is not included in the schedule to the Indian Extradition Act.

3. I am to inform you that as regards (a) the courts of Native States are not, except where jurisdiction may be specially conceded, permitted to exercise jurisdiction over a native officer or soldier of the Indian

Army who, while not on leave, commits any kind of offence within their territories.

As regards (b) the native officer or soldier, who, while on leave in a Native State, commits an offence of any kind against the law of such State, is amenable to the jurisdiction of the State courts.

As to case (c) the Durbar should be informed that, provided that the circumstances are not such as to allow of immediate arrest by the military authorities, the offender may be arrested by State authority in any case in which the law of the State permits of such arrest, but that he should be handed over forthwith to the nearest military authority. Should the Political Officer for the State consider it desirable, for any special reason, that the offender should be tried by the Durbar courts, he may request the military authorities either to deliver over the accused to the Durbar for trial, or to postpone proceedings pending a reference to the Governor General in Council. The military authorities, on receiving such a request, should either deliver over the offender or forthwith refer the question as to the court before which the proceedings are to be instituted, for the decision of the Governor General in Council.

With reference to (d) the words "an offence committed by him in that State on some previous occasion" paragraph 2 (ii) *supra* may be interpreted in their broadest sense. the meaning of the phrase not being restricted to offences committed while on leave. The jurisdiction of the Native State courts will not, however, extend to the case of a native soldier, who has been charged with an offence previously committed while on duty, and who has already been tried and either acquitted or punished by the British authorities for such offence.

As regards (e) I am to say that the Government of India are prepared to waive the restriction imposed by the words "provided that the offence so committed is one of those entered in the schedule to the Indian Extradition Act" [paragraph 2 (ii) *supra*].

4. In order to promote the ends of justice and to meet the convenience of officials or subjects of the Durbar, whose attendance may be necessary at the trial of a native officer or soldier of the Indian Army, who may have committed an offence within the territories of a Native State, the military authorities will arrange that in such cases, whenever the exigencies of military service permit, the offender shall be tried at the cantonment nearest to the place where the offence was committed."

“XXIV.—General Orders under the Indian Census Act, 1929 (X of 1929).

No. F. 45/6/30, dated the 9th June 1930.—In exercise of the powers conferred by Section 15 of the Indian Census Act, 1929 (X of 1929), as in force in British India, and as locally applied, the Governor General in Council is pleased to make the following rules for the enumeration of Railway servants and other persons residing on railway premises and of persons travelling by railway.

RULES FOR THE CENSUS OF RAILWAYS.

General.—The Census of persons in railway areas, *i.e.* :—

A.—Persons residing on railway premises, and

B.—Persons travelling by railway on the night of the Census, will be carried out under the general direction of the Civil authorities as part of the District Census Operations in each British Province and State; the local railway officers co-operating with the District or State Officers and supplying, when necessary, the staff of Supervisors and Enumerators required for the enumeration of the railway colonies and settlements, railway stations and the travelling public. The provisions of the Provincial Census Codes dealing with the definition of Census terms, the description of the Census Enumeration Book, the organization of Census divisions, House-numbering, the instructions to the staff, the Preliminary and Final Enumeration and the collection and despatch of the Provisional Totals will be applicable to the Census of railway areas subject to any modification necessitated by the following additional rules.

2. *Definition of Railway Premises.*—Railway premises includes a railway station within distant signals, a workshop, a colliery, a steamer

Charge Superintendent of the Charge in which his Circle lies. Signalmen, gangmen or gatemen living in small houses or huts, whether within or without the railway fences, will be included either in the nearest railway station Block or in one of the Blocks of the nearest village or town and enumerated along with the ordinary population of that Block.

6. *Registers and Forms.*—The railway Charges, Circles and Blocks will be entered up in the ordinary Charge Registers and Circle Registers of the district or State. The number of enumeration forms required will be included in the abstracts that are sent up from time to time under the provisions of the Census Code or in supplementary abstracts.

7. *Appointment and Training of Census Officers.*—Charge Superintendents (of purely railway Charges), Supervisors and Enumerators will ordinarily be employes of the railway residing in or near the areas with which they have to deal. They should be selected by the local railway authority but their formal appointment will be made under the signature of the District Magistrate or State Census Officer. Arrangements must

ghat and all other premises within railway boundaries, on which permanent or temporary employés of the railway reside.

3. *Appointment of a Railway Officer to co-operate with the District or State Authority.*—The Agent or Manager of each railway line will send to the Superintendent of Census Operations of each Province, Agency or State through which the line or a portion of the same passes not later than the 1st September 1930, a list of railway stations and other railway premises in each Civil District or State together with the name and designation of the local Railway Officer (preferably the District Traffic Superintendent or some other officer of that standing) who is nominated to assist each District or State Officer in the organization of the railway Census of the district or State.

4. *Duties of such Railway Officer.*—The local Railway Officer so nominated by the railway authorities under the previous rule will co-operate with the District Magistrates and the Census Officers of the districts and States lying within his jurisdiction in regard to the Census arrangements of the railway areas in these districts and States and will furnish the District Magistrate or State Census Officer with any information the latter may require regarding such railway areas and the persons suitable to be appointed as Charge Superintendents, Supervisors or Enumerators.

A.—PERSONS RESIDING ON RAILWAY PREMISES.

5. *Organization of Railway Premises into Census Divisions.*—The organisation of the railway premises into Charges, Circles and Blocks will be undertaken by the District Magistrate or State Census Officer in co-operation with the local railway authorities. Large railway stations or settlements will form a Census Charge in themselves with the chief railway officer of the centre as Charge Superintendent who would correspond direct with the District or State Census Officer. Care must be taken that no railway Charge extends over more than one civil district or State. The ordinary railway settlement or station will be included in the civil Census Charge in which it lies, the Supervisor being generally the local station master who would work under the direction of the civil Charge Superintendent of the Charge in which his Circle lies. Signalmen, gangmen or gatemen living in small houses or huts, whether within or without the railway fences, will be included either in the nearest railway station Block or in one of the Blocks of the nearest village or town and enumerated along with the ordinary population of that Block.

6. *Registers and Forms.*—The railway Charges, Circles and Blocks will be entered up in the ordinary Charge Registers and Circle Registers of the district or State. The number of enumeration forms required will be included in the abstracts that are sent up from time to time under the provisions of the Census Code or in supplementary abstracts.

7. *Appointment and Training of Census Officers.*—Charge Superintendents (of purely railway Charges), Supervisors and Enumerators will ordinarily be employés of the railway residing in or near the areas with which they have to deal. They should be selected by the local railway authority but their formal appointment will be made under the signature of the District Magistrate or State Census Officer. Arrangements must

10

be made to give them a thorough training in their duties and to supply them with the necessary rules.

B.—PERSONS TRAVELLING BY RAILWAY.

8. *Platform Enumeration.*—An official called the Platform Enumerator should be told off at each station, to enumerate all persons taking tickets at that station, or alighting from a train during the night of the 26th February 1931 in India and the night of the 24th February 1931 in Burma. Persons about to travel usually arrive at a station some time before their train is due; and they should, so far as possible, be enumerated by the Platform Enumerator before they enter the train unless they can show that they have already been enumerated. Each person so enumerated should be provided with a Pass to prevent his being counted again. Platform enumeration should commence at 7 P.M. and continue till 6 A.M., the hour at which train enumeration takes place.

All persons alighting from a train should be asked if they have been enumerated already, and, if they produce Passes or otherwise satisfy him that they have been, the Enumerator should let them go. He should fill up *all the columns* in the Schedule for each person who has not already been enumerated and give him a Pass, telling him to show it to any Enumerator who may wish to count him again.

9. *Train-Enumeration: Civil population.*—On the evening of the 26th February 1931 in India and the evening of the 24th February 1931 in Burma, the guard in charge of the train should distribute Household Schedules to all first and second class passengers and to all Europeans and Anglo-Indians travelling intermediate or third class, and request them to fill them in and give them up at any station at which they may alight during the night, or (if they do not alight) keep them till they are collected in the morning. The rest of the persons in the train will be enumerated on General Schedules as noted below.

All passengers who cannot produce Passes, and who do not appear to have been enumerated anywhere else must be counted at some station at which the train can be stopped at or about 6 A.M. on the 27th February 1931 in India and the 25th February 1931 in Burma by one or more Train Enumerators selected from the local railway staff. A place should be chosen where the train can be timed to stop for a sufficient period, which should, if necessary, be slightly prolonged. Where the local staff is insufficient for the speedy enumeration of passengers at this halt, a few clerks should be sent temporarily from another station. Each compartment should remain locked until the enumeration of the persons in it has been completed. Passes need not be given on this occasion.

The Household Schedules given the evening before to first and second class passengers and others who have not alighted during the night should at the same time be collected and examined by an intelligent official, who should fill up the form for those who have omitted, or are unable, to do so for themselves. He should see that the Schedules thus collected are securely stitched into a Cover together with the General Schedules for the other passengers, thus forming a compact Enumeration Book for the train.

10. *Train-Enumeration: Troops.*—Troops travelling by rail on the night of the Census will be enumerated by their officers, and the return

separately sent in, in accordance with the rules issued with the Home Department Notification No. F. 45/18/29-Pub., dated the 9th June 1930. But the Indian servants and followers travelling with them will be enumerated with the rest of the persons in the train, unless they have already been preliminarily enumerated and are accompanied by the forms then filled in, in which case their final enumeration will be carried out by the Officer Commanding troops to which they are attached.

11. *Provisional Totals.*—The Platform Enumeration and Train Enumeration should be treated as constituting separate Blocks of the Circle (station) at which the enumeration takes place. That is to say, the Enumeration Books containing the result of such enumeration should be included in the Census records of the Circle under the heading "Platform Enumeration" or "Train Enumeration," as the case may be. The Supervisor of the Circle should have the Enumerators' Abstracts prepared, showing the population of these special blocks, and should include the figures in his Circle Summary.

12. *Expenses.*—The necessary forms will be supplied by Government. The agency employed will consist chiefly of officials attached to the railway, who will not ordinarily receive any special remuneration for their services. Government will bear all charges in connection with the compilation of the results.

C.—SPECIAL ARRANGEMENTS.

13. *Lines under Construction.*—Arrangements for the Census of camps and collections of coolies on lines under construction will be made by the District Census Officer with the Engineer or other Railway Officer in charge of the work. The camp will be divided up into Circles or Blocks and the Supervisor and Enumerators selected in consultation with the Railway Officer in charge.

14. *Ballast Trains.*—Ballast trains are usually stabled for the night in or near some station. The guard should be made responsible for the enumeration and his train should form an extra Block of the station concerned. The record for these coolies should be prepared during the day time on the date of the Census and revised after dark.
